

The Zagga CRED Fund (Fund or ZCF) is a wholesale fund that aims to provide investors with an attractive rate of return and regular, risk-adjusted income by investing in a specifically curated portfolio of credit-vetted, mortgage-secured loans. The Fund invests predominantly in senior debt, diversified across a mix of geographic locations, sectors, and borrower profiles. By investing in the Fund, investors can access opportunities not readily available to private investors on a direct basis, while accessing the specialist knowledge and skills of the Investment Manager.

WHY INVEST IN ZCF?

If you're looking to diversify your portfolio beyond shares, fixed income and traditional property investments, the ZCF could help you meet more of your goals by investing in the growing opportunities of the Australian CRED market.

The ZCF aims to provide investors with risk-mitigated, stable cash income and capital preservation via a portfolio of investments with exposure to CRE loans. All transactions are secured by registered mortgages against real property in Australia, diversified by borrower, loan type, property sector and location.

- Deeply experienced Investment Manager
- Regular and stable cash distributions
- Attractive returns without commensurate increased in risk
- Capital preservation as loans secured by real property mortgages
- Exposure to the Australian property market without direct property ownership
- Simple investment strategy of investing in only CRED

WHAT IS CRED?

- Commercial Real Estate Debt (CRED) refers to loans made to commercial borrowers who require funding for real estate purposes
- Loans may be used to purchase or develop, vacant land or property buildings
- Land or property is mortgage collateral for the loan, and investors earn income from the fees and ongoing interest paid on the loan
- CRED ranks ahead of equity

Commercial Real Estate Capital Structure
